Fin Filled Excitement

I love slipping under the sparkling seas surface - with my snorkel, mask and flippers – and experiencing the joys of a magical alternate world of freedom, beauty and wonder.

Swimming amongst coral, I suddenly wished I could be as free as a fish. Inspired by the colorful fish darting in and out beneath me, I considered what life would be for the many creatures of the sea.

Immersing myself in hours of underwater video footage, I expressed what I was seeing in terms of music and lyrics to convey the various feelings of all the wonderful creatures that captivate our curiosity and imagination.

I hope you will enjoy the moods and movements of these songs and that your love, care and concern will grow for the many threatened creatures of the oceans.

Oceans of Wonder

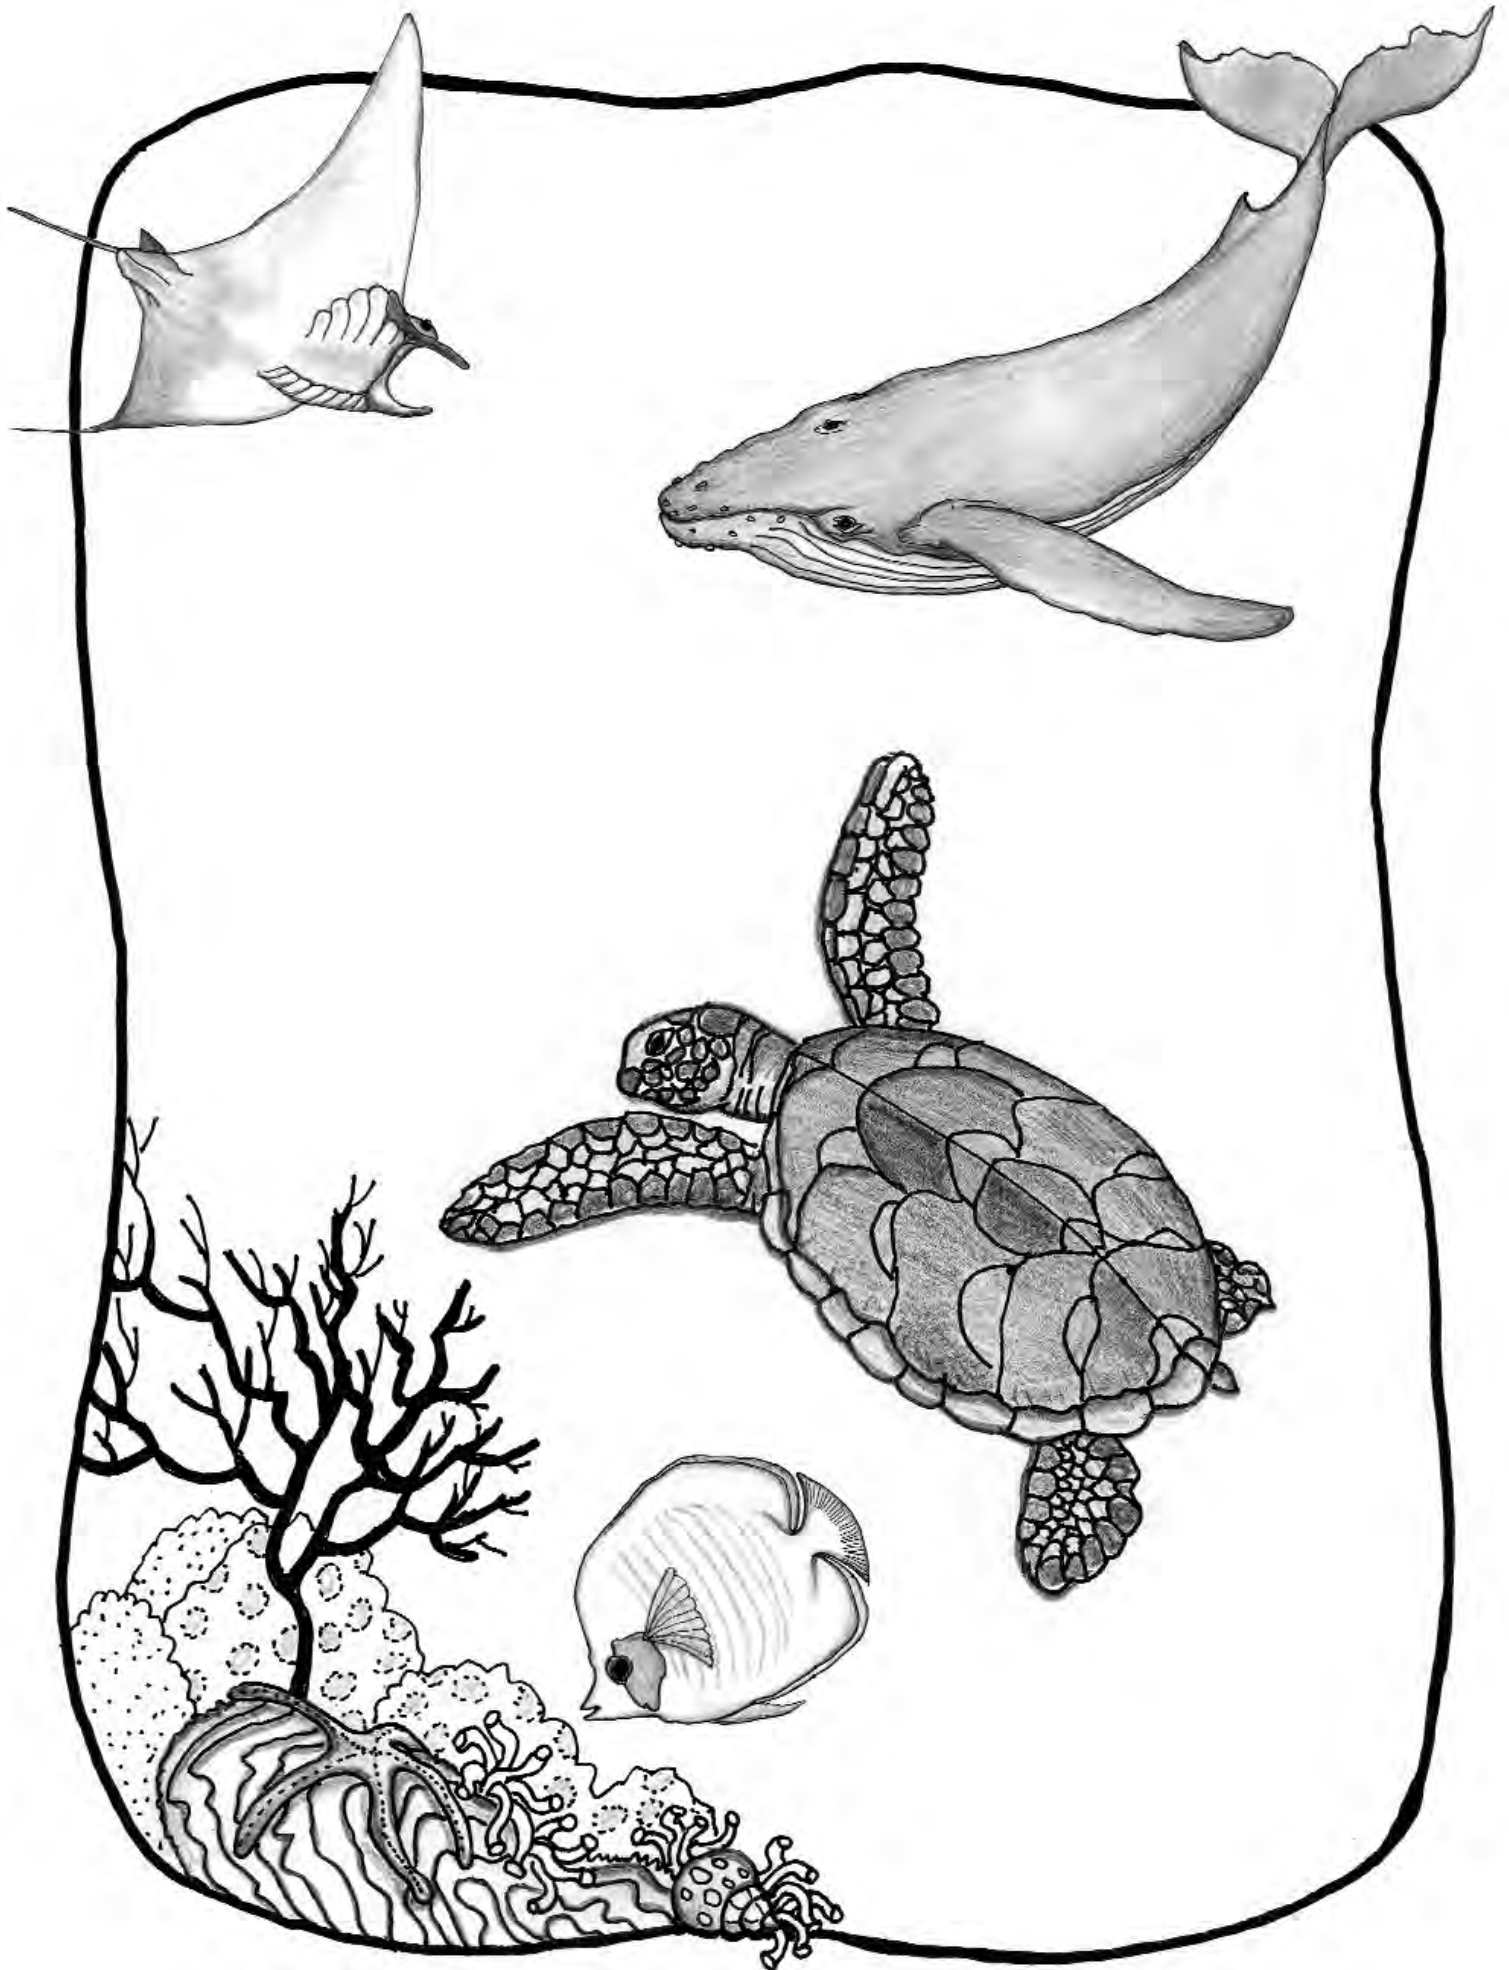

Waves splashing, waves calling, I'm swimming through,
Take me out into –
The vast ocean beauty of the world of blue.
Oceans full of wonderful creatures living free –
Down under in – a world of wonder!

People have the power,
To pollute the oceans
Or to let them be.
A safe home for the creatures,
That create the beauty
Underneath the sea.

Come let us make a promise let's see it through,
Keep for me and you –
The vast ocean beauty of the world of blue.
Oceans full of wonderful creatures living free –
Down under in – a world of wonder!

People have the power,
To pollute the oceans
Or to let them be.
A safe home for the creatures,
That create the beauty
Underneath the sea.

People have the power,
To pollute the oceans
Or to let them be.
A safe home for the creatures,
That create the beauty
Underneath the sea.

Dolphin Swimming Free

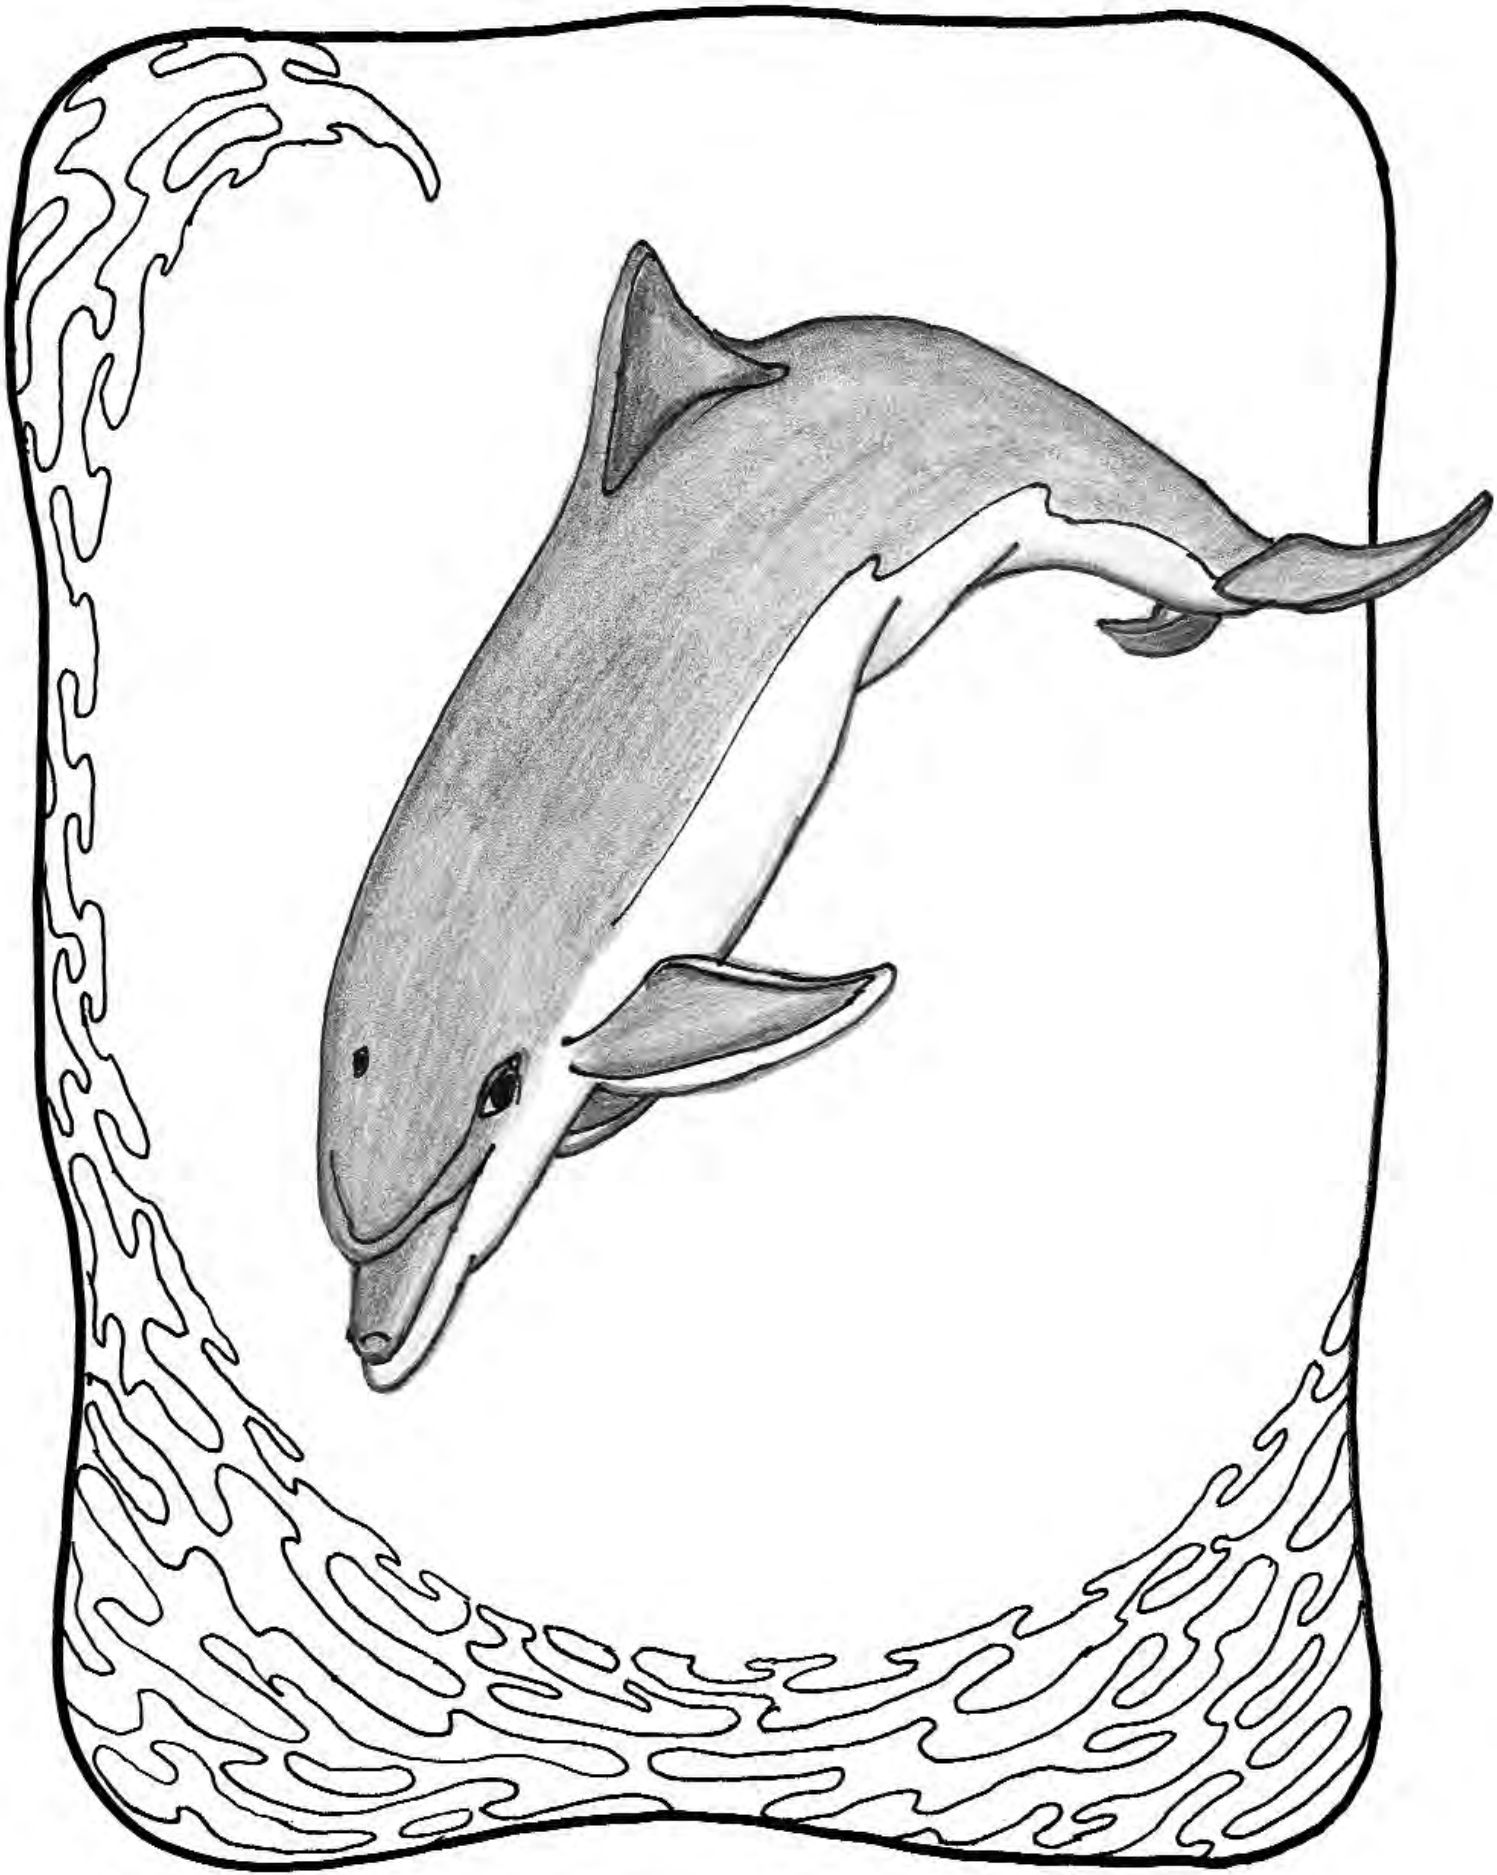

I wish I could be
A dolphin swimming free
In the vast and deep blue sea.
I'd swim anywhere
I'd burst into the air
You would stop and stare.

I wish I could be
A dolphin swimming free
In the vast and deep blue sea.
With my friends each day
In a school I stay
Search for food and play.

I wish I could be
A dolphin swimming free
In the vast and deep blue sea.
Dressed in shiny grey
From nets I stay away
Dive and roll and play.

I wish I could be
A dolphin swimming free
In the vast and deep blue sea.
I'm gentle I am free
Protect my liberty
Be a friend to me.

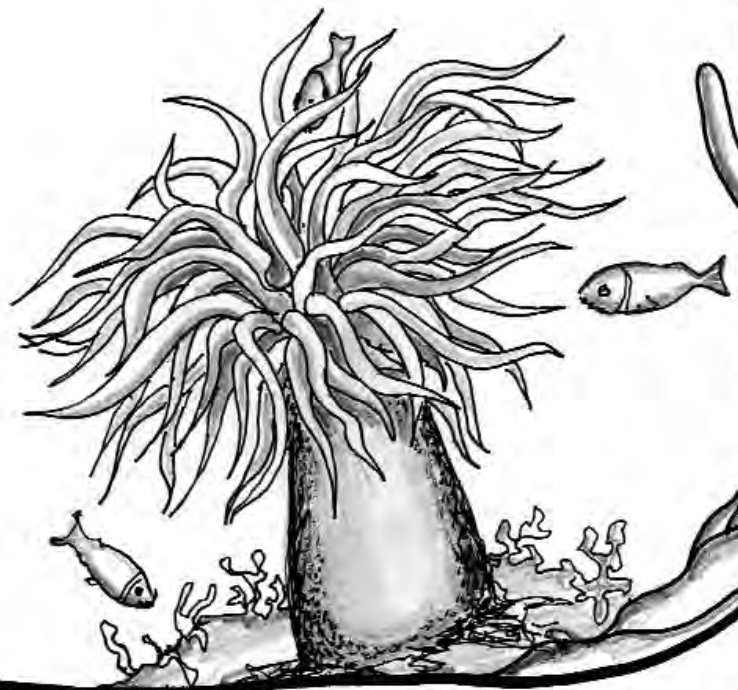

The Anemone Way

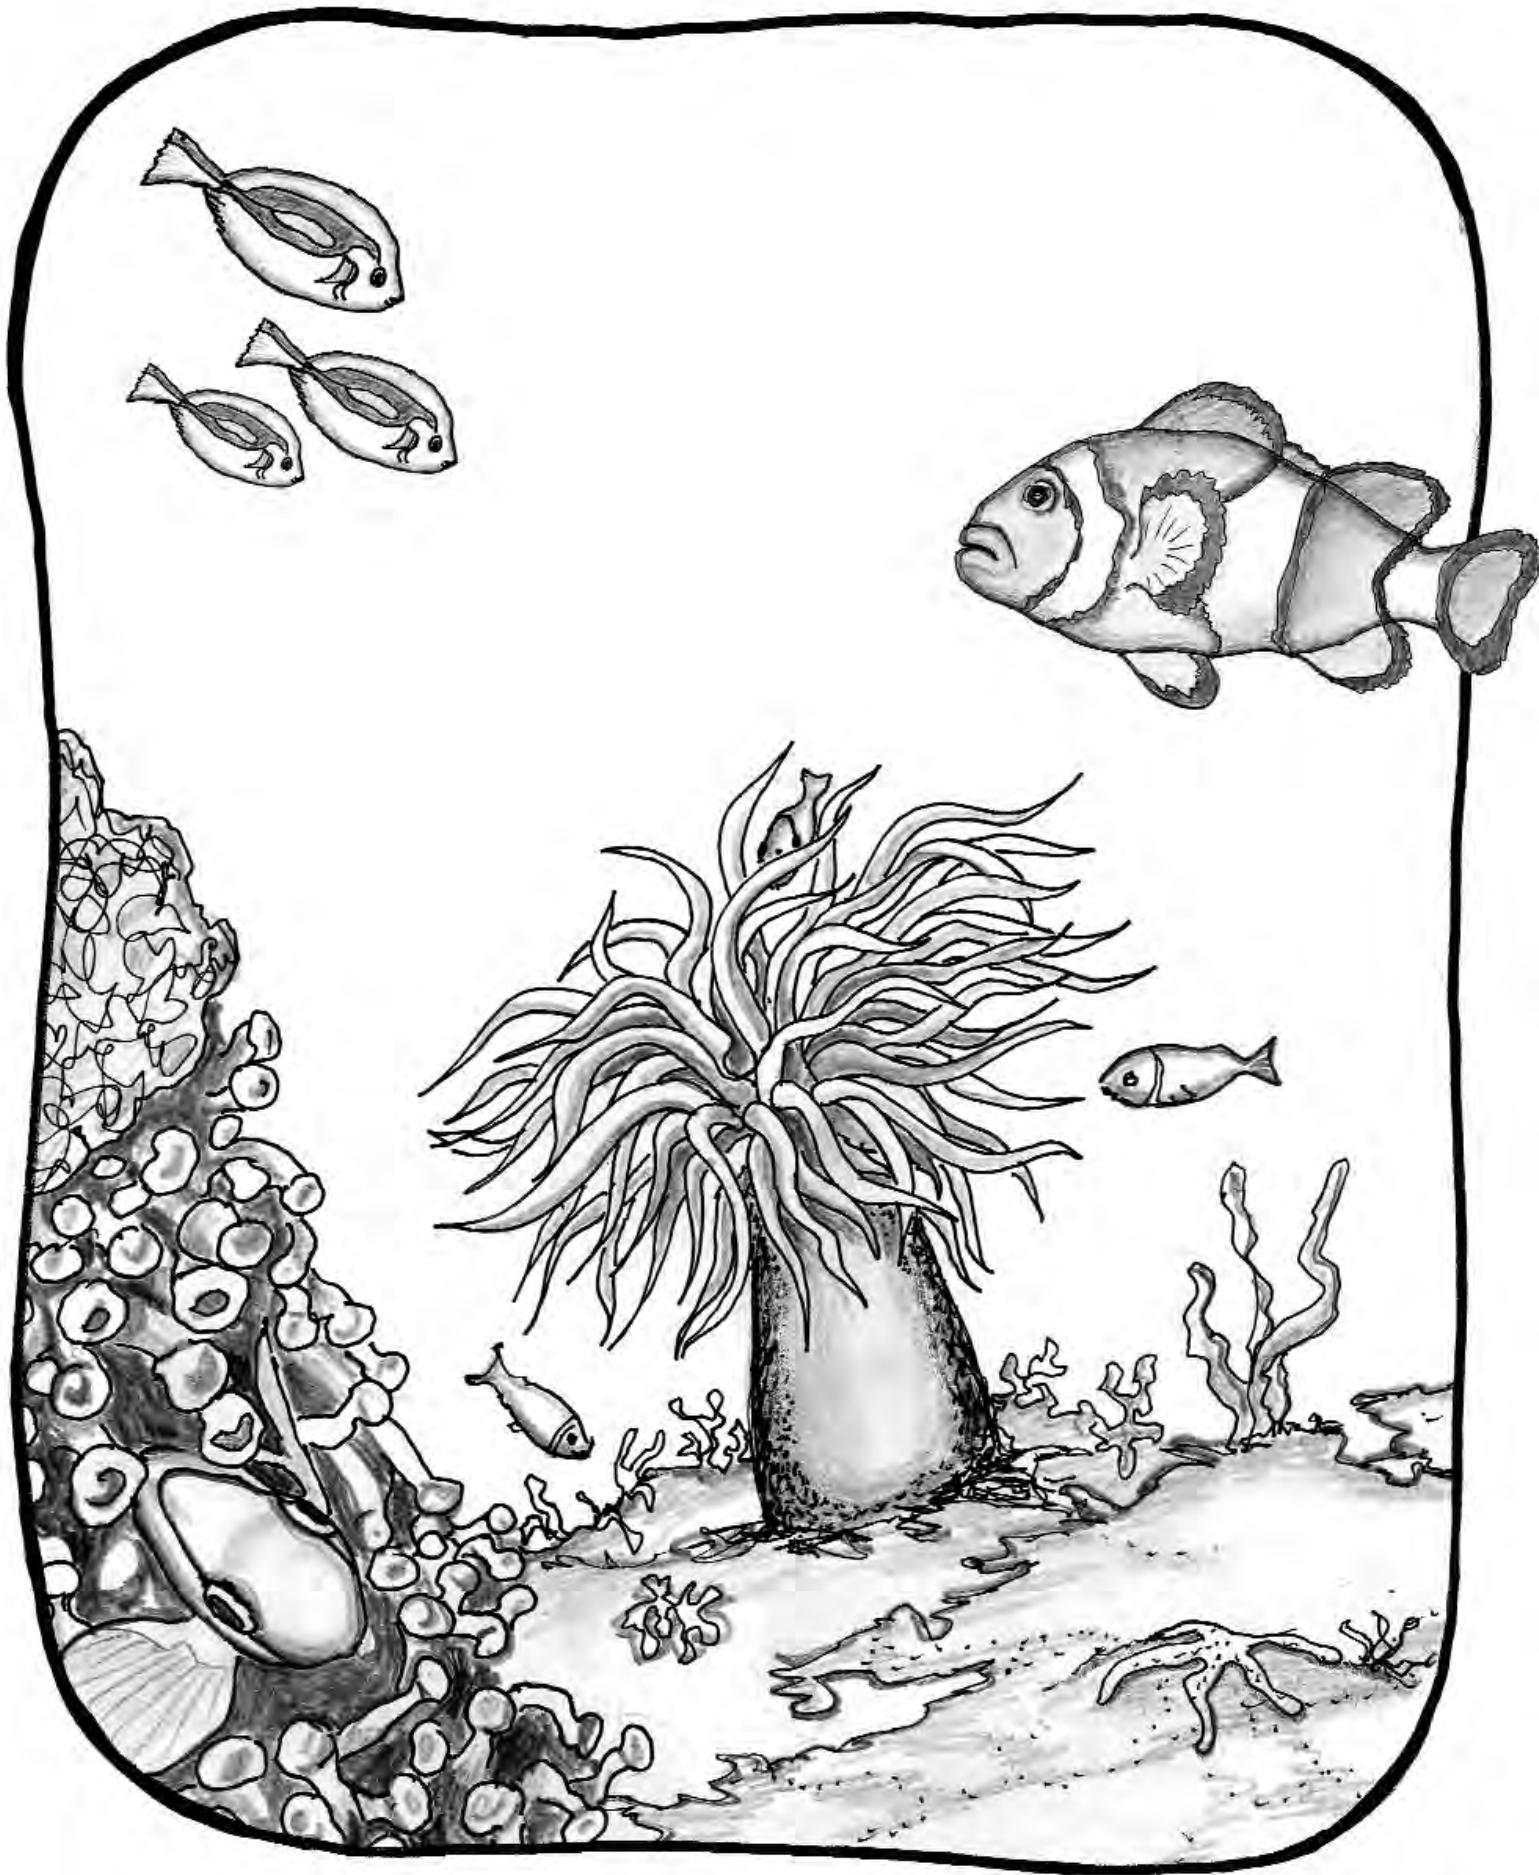

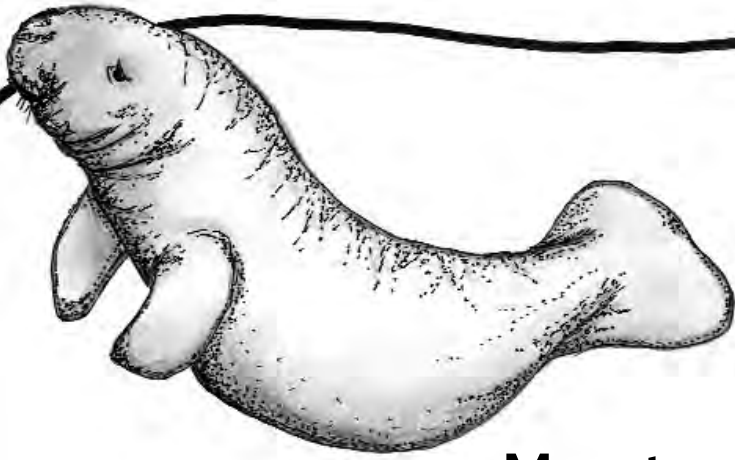

I'd really like to be
A sea Anemone
Gently waving in cool turquoise sea
Watch me gently sway
The anemone way
Gently swaying in tropical sea
Happy little fish can come and play
As I wave and sway each day.

I'd really like to be
A sea Anemone
Gently waving in cool turquoise sea
Watch me gently sway
The anemone way
Gently swaying in tropical sea
Moving gardens I create
Coral and rocks I decorate.

I'd really like to be
A sea Anemone
Gently waving in cool turquoise sea
Watch me gently sway
The anemone way
Gently swaying in tropical sea.

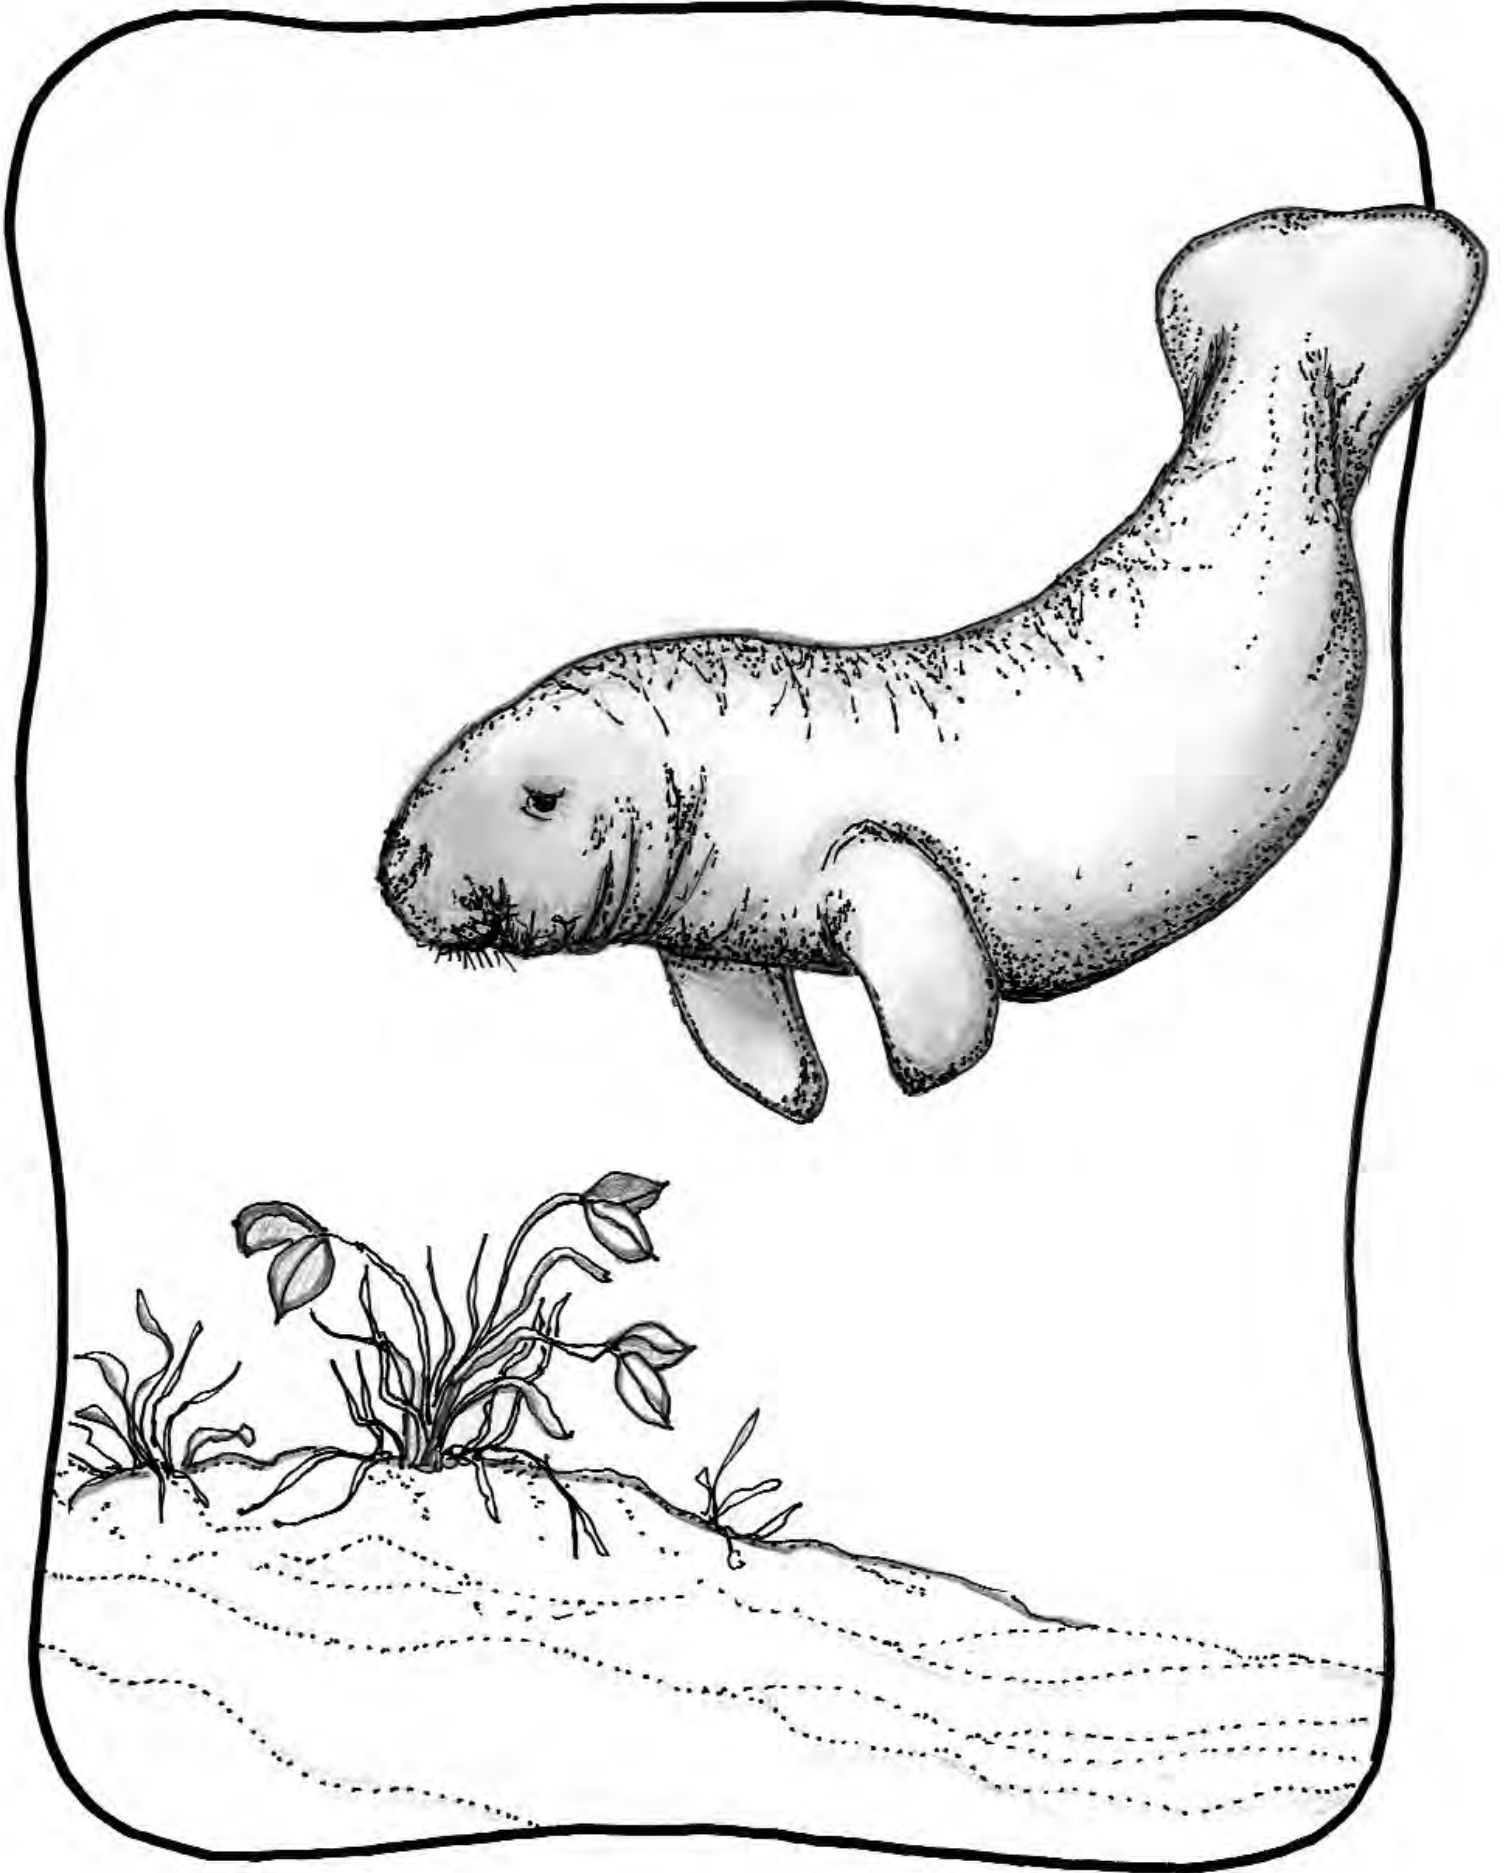

Manatee

I wish I could be – a manatee!
Live contentedly.
Swim in shallow tropic sea.
On sandy bed I'd sleep
Where it is not too deep.
Mistaken quite a lot
A mermaid I am not!
A mermaid I am not!

I wish I could be – a manatee!
Live contentedly.
Swim in shallow tropic seas.
A mammal herbivore
Eat sea plants nothing more.
Then surfacing for air
That's when I must take care!
That's when I must take care!

I wish I could be – a manatee!
Live contentedly.
Swim in shallow tropic seas.
But garbage in the sea
Boats crashing into me
And poachers of the seas
Are all my enemies!
They're all my enemies.

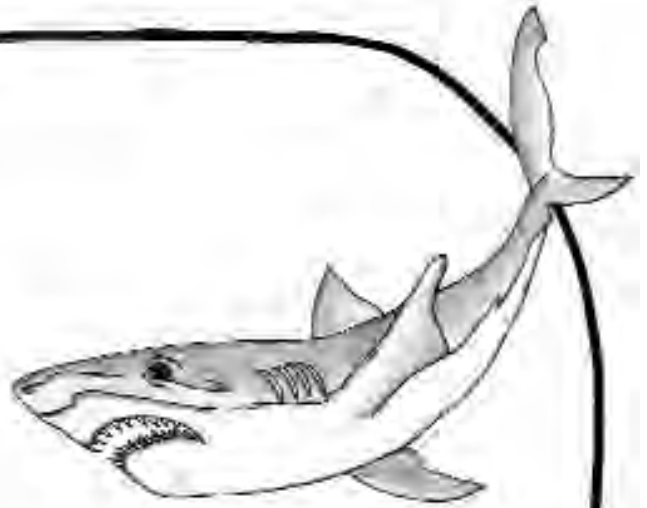

I wish I could be – a manatee!
Live contentedly.
Swim in shallow tropic seas.
But my biggest fear
Is that we'll disappear.
Save us or there'll be
No more manatee to see!
No manatee to see!

Shark in the Dark

I could be a shark –
Lurking in the dark.
I can look quite scary
And you should be wary.
I'm misunderstood
And that's not good.
I look very mean –
But I'm not as bad as I seem.

I could be a shark –
Lurking in the dark.
Yes my teeth look scary
And you should be wary.
I'm misunderstood
And that's not good.
I look very mean –
But I'm not as bad as I seem.

I could be a shark –
Lurking in the dark.
Yes my eyes are starey
And you should be wary.
I'm misunderstood
And that's not good.
I look very mean –
But I'm not as bad as I seem.

I'm a Sea Lion

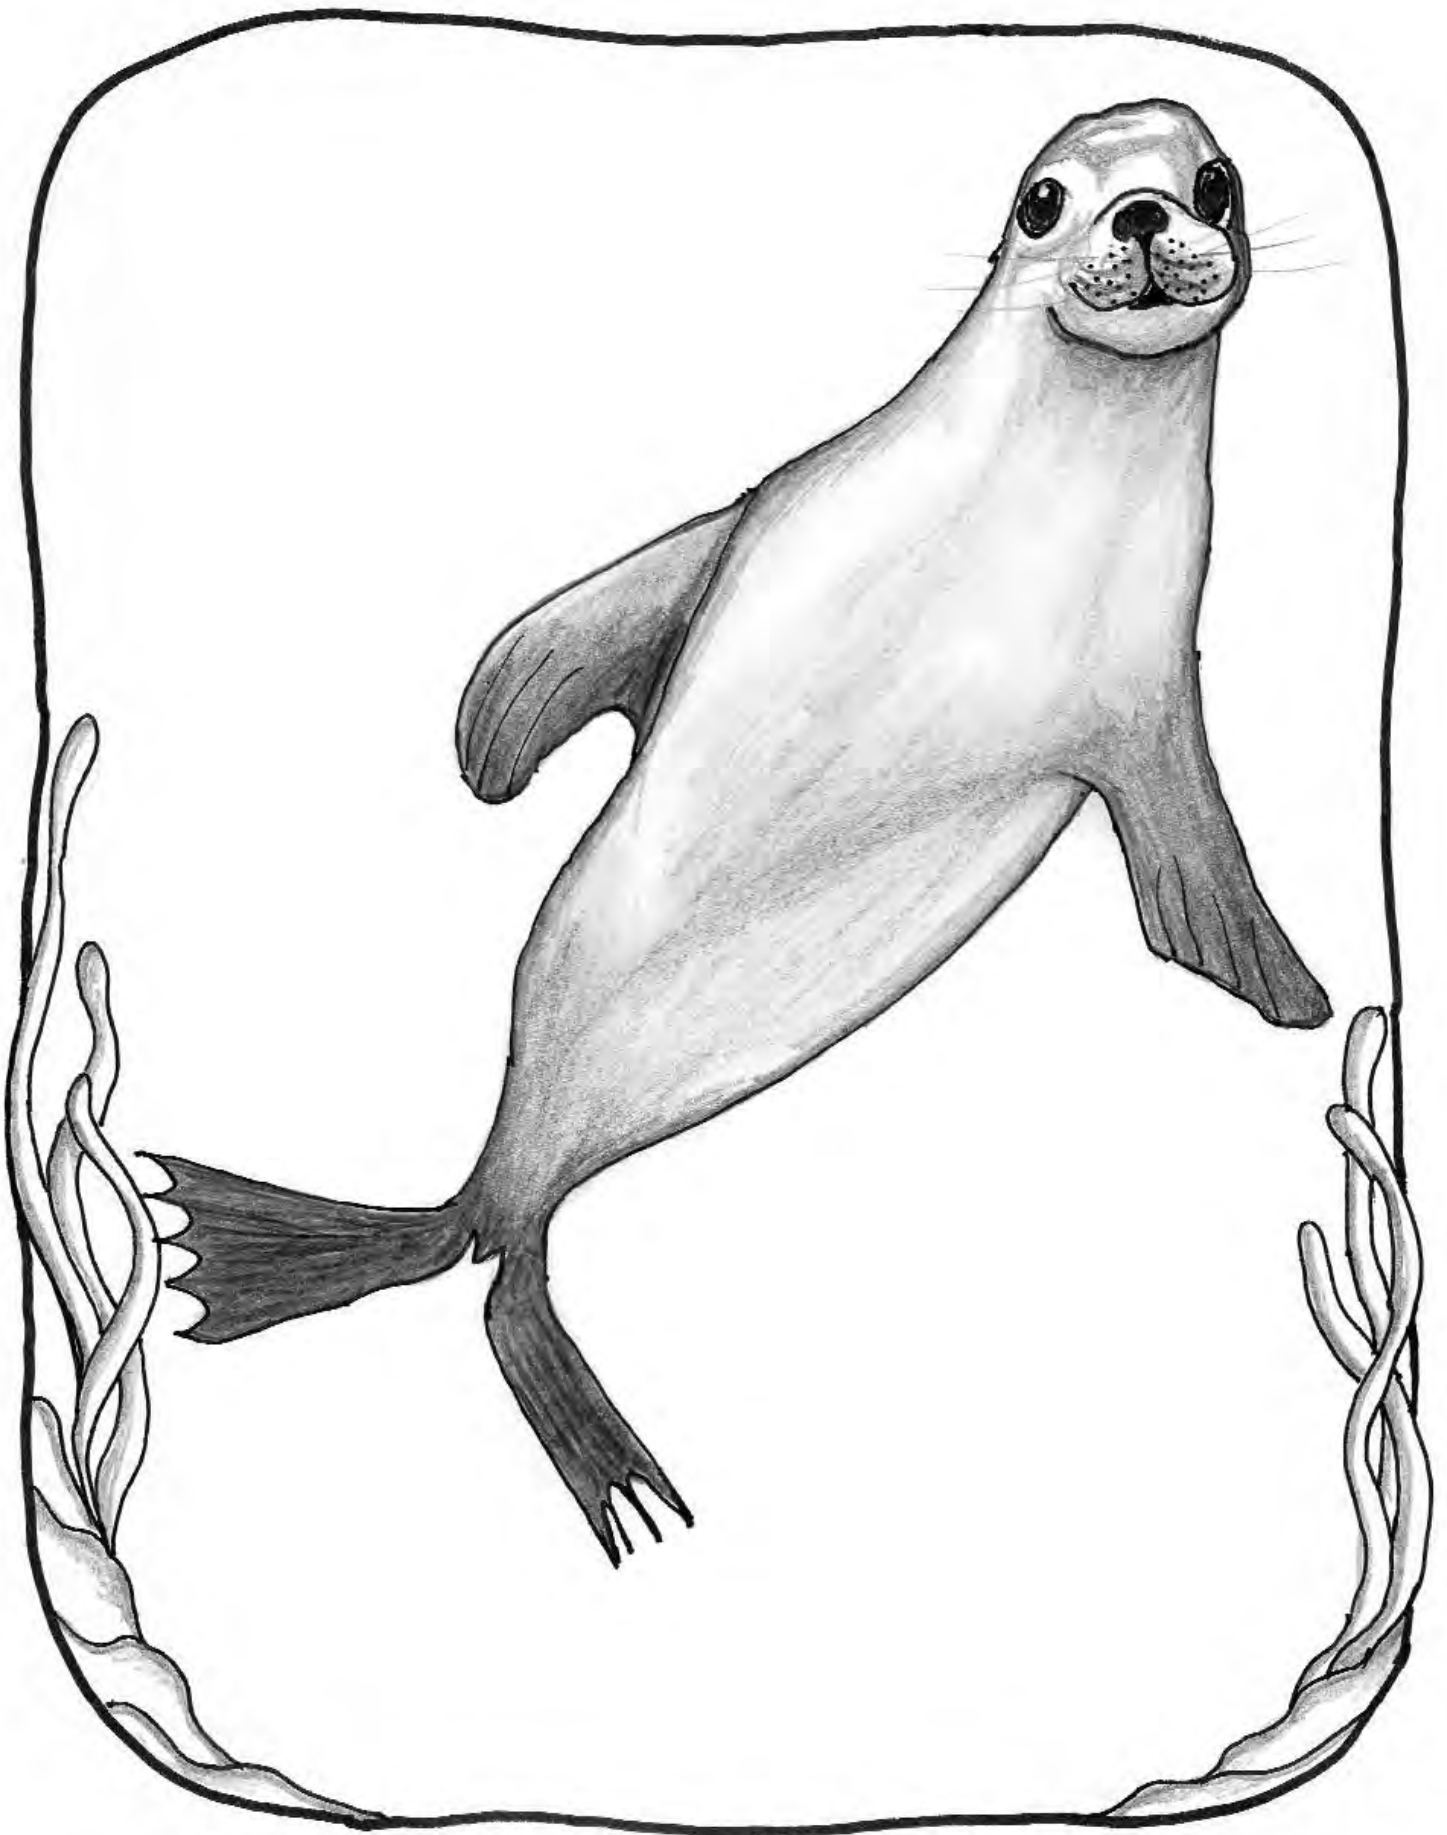

I'm a sea lion swimming freely
Gliding through the sea.
And when you see me swimming freely
Do you envy me?
Come and see my sea environment.
Come and swim with me.
Come and feel the joy of swimming free.
Experience the freedom that I have under the sea.
Come and roll and glide with me.

I'm a sea lion swimming smoothly
Gliding through the sea.
And when you see me swimming smoothly
Do you envy me?
Fur and fat to keep me snug and warm
In chilly seas.
Powerful tail to make me soar and fly.
Watch me surface for some air then swiftly down I dive
In the oceans of - my sky.

I'm a sea lion swimming, rolling
Gliding through the sea.
And when you see me swimming, rolling
Do you envy me?
I can play for hours and hours
Underneath the sea.
Rolling diving – can you see me grin?
Resting on a rock or on a grassy sandy bed
And then gliding up – I swim!

Gentle Rays

Gentle rays you glide and fly
Through the oceans of your sky.
Flapping, graceful wings extended
Pectoral fins and tail defended.
Some rays on sea beds land
Submerge beneath the sand.
Eyes watch for danger to arrive
Then suddenly you come alive.

Gentle rays you glide and fly
Through the oceans of your sky.
Flapping, graceful wings extended
Pectoral fins and tail defended.
Fine ocean birds migrate
Warm seas or temperate.
Avoiding dangers in the sea
In search of food while gliding free.

Gentle rays you glide and fly
Through the oceans of your sky.
Flapping, graceful wings extended
Pectoral fins and tail defended.

Swishy Friends

If I had a wish
I would be a fish!
Swimming, darting in and out
With all my swishy friends about.
But it's never cool – to be a fool
In a school that has one special,
-Just one special – one important rule!

Don't Get Eaten!

You could be a tasty morsel
For a creature with a dorsal.
If you want to be a winner
Don't end up as someone else's dinner!

If I had a wish
I would be a fish!
Swimming, darting in and out
With all my swishy friends about.
But its never cool – to be a fool
In a school that has one special,
Just one special – one important rule!

Don't Get Eaten!

You must always take a look
To see your dinner has no hook.
If you want to be a winner
Don't end up as someone else's dinner!

If I had a wish
I would be a fish!
Swimming, darting in and out
With all my swishy friends about.
But its never cool – to be a fool
In a school that has one special,
Just one special – one important rule!

Don't Get Eaten!
